

Please do not change the Indiana privacy law on unwanted phone calls. We use to receive up to 20 or more unwanted calls a day before we went on the no call list. We have caller ID to help, but it was getting ridiculous, how many calls we would get, especially at supper time. I would like you to respect my privacy by letting us keep this law, if I want to buy something I will call on my own, I don't need someone to call me!! These calls usually turn us off to buying from that company. Thank you for your time.
